

COMPLEX ABDOMINAL WALL RECONSTRUCTION WEBINAR SERIES

Defining “complexity” and making mesh choices

16 September, 2020 – 18:00 -19:00 CET

How does the clinical literature and guidelines define “a complex patient with a complex hernia”?

Ciaran Walsh

Which mesh for which patient? My personal CAWR treatment algorithm

Marja Boermeester

An update on bioabsorbables in complex ventral hernia

12 October, 2020 – 18:00 -19:00 CET

Is the clinical data on bioabsorbables really comparing apples with apples?

Neil Smart

Do second looks prove the “3D concept” of GORE® BIO-A® Tissue Reinforcement?

Miguel Ángel García Ureña

Using the clinical evidence to determine CAWR treatment algorithms

2 December, 2020 – 18:00 -19:30 CET

My evolution of Complex Abdominal Wall Reconstruction over 18 years

Pasquale Giordano

Anterior vs. Posterior Component Separation - What does the data suggest me to do for my patient with a large ventral hernia?

Dominic Slade

The Madrid APPROACH: What does our growing series of published clinical data tell us?

Javier López Monclús

Questions received during each individual Webinar via the Q&A function will be addressed and discussed by the respective faculty of each Webinar

Together, improving life

Faculty:

Mr Ciaran Walsh
UK

Prof Marja Boermeester
The Netherlands

Prof Neil Smart
UK

Prof Miguel Ángel García Ureña
Spain

Mr Pasquale Giordano
UK

Mr Dominic Slade
UK

Dr Javier López Monclús
Spain
